### SENATE COMMITTEE ON HIGHER EDUCATION & WORKFORCE DEVELOPMENT

**Staff:** Aldo Melchiori (786-7439)

**Background:** The State Records Collections provide an account of public government in Washington State, beginning with the establishment of Washington Territory in 1853 and continuing to the present. Included among the collection are the papers of each governor, legislative records, court records, records from all state agencies, and all of the "official records" of the state, including governors' proclamations, executive orders, election results, and the laws as passed and signed. Records transferred to the archives are open to the public for research under the terms of the Public Disclosure Act.

The costs of archive services are allocated to state agencies using an allocation procedure established by the Secretary of State and the Director of Financial Management. Some Washington institutions of higher education do not use the services of the Division of Archives and Records Management, choosing instead to maintain their own records management systems.

**Summary of Bill:** Washington institutions of higher education that do not use the services of the Division of Archives and Records Management are exempt from the allocation procedure and are not required to pay any fees or charges.

**Appropriation:** None.
